

PATRON

Rev. Fr. Jose Alex Oruthayapally CMI, Director, RSET

GENERAL CHAIR

Dr. A. Unnikrishnan, RSET, India

Prof. C. V. R. Murty, Director, IIT Jodhpur

PROGRAM CHAIR

Dr.-Ing. Harald Drück, Universität Stuttgart, Germany

Dr.-Ing. Varghese Panthaloorkan, RSET, India

PUBLICATION CHAIR

Dr.-Ing. Harald Drück, Universität Stuttgart, Germany

Dr. Radhakrishna G. Pillai, IITM, India

Dr. Manoj G Tharian, RSET, India

Dr. Aysha Zeneeb Majeed, RSET, India

STEERING COMMITTEE

Dr. Ajith Kumar A., RSET, India

Dr. Benny Mathews Abraham, CUSAT, India

Dr. Benny Raphel, IITM, India

Prof. C. G. Nandakumar, CUSAT, India

Prof. Eldho T. I., IITB, India

Prof. Frank Spate, Amberg-Weiden University, Germany

Prof. Ganesh L S, IITM, India.

Prof. Dr.-Ing. Gerhard Seelmann, Hochschule Aalen, Germany

Prof. Dr.-Ing. Harald Mandel,

Duale Hochschule Baden-Württemberg, Germany

Dr.-Ing. Henner Kerskes, Universität Stuttgart, Germany

Dr. John Jose, IITG, India

Dr. John M George, RSET, India

Prof. Dr.-Ing. Jürgen Trost, Hochschule Aalen, Germany

Prof. K A Ouseph, RSET, India

Dr. Lakshman Nandagiri, NITK, India

Prof. Dr. sc. techn. Michael Pfeffer, Ravensburg University, Germany

Dr. Ramesh Rayudu, Victoria University of Wellington, New Zealand

Prof. Rupen Goswami, IIT Madras

Dr. Santosh G Thampi, NIT Calicut, India

Prof. Simon Furbo, Technical University of Denmark

Dr. Sreekumar V. M., RSET, India

Dr. Thankachan T Pullan, RSET, India

Mr. Werner Weiss,

Director, AEE – Institute for Sustainable Technologies, Austria

Prof. Zinian He, Beijing Solar Energy Research Institute, China

TECHNICAL COMMITTEE

Prof. A. K.Rastogi, IITB, India

Dr. Amba Shetty, NITK, India

Prof. Amritanshu Shrivastav, IITB, India

Prof. Ashish Juneja, IITB, India

Dr. A. Veeraragavan, IITM, India

Prof. Bale Reddy, University of Ontario, Canada

Dr. Bino I. Koshy, RIT, India

Dr. Brijesh Paul, MACE, India

Mr. David Kaufman, Energy Solutions, USA

Prof. Harald Mandel, Baden-Württemberg, Germany

Dr.-Ing. Henner Kerskes, Universität Stuttgart, Germany

Dr. Glory Joseph, CUSAT, India

Dr. Himadri Roy, CMERI, Durgapur, India

Dr. Honey John, CUSAT, India

Dr. Jayadas N. H, CUSAT, India

Dr. Job Thomas, CUSAT, India

Dr. L. Rekha, GEC Thrissur, India

Dr. M. Satyakumar, MBCET, India

Dr. M. V. L. R. Anjaneyulu, NIT Calicut, India

Dr. Manju. V. S, CET, India

Dr. Nisa Salim, Deakin University, Australia

Dr. Nishar Hameed, University of Swinburne, Australia

Dr. Padmakumar R., CET, India

Dr. Radhakrishna Panicker M. R., CUSAT, India

Mr. Qingtai Jiao, Jiangsu Sunrain Solar Energy Co., Ltd, China

Dr. Ravi K., IITG, India

Dr. Ruby Abraham, MCE, India

Prof. Sandra Contreras, Universitat Rovira i Virgili, Spain

Prof. S. Shrihari, NITK, India

Dr. Sobha Cyrus, CUSAT, India

Dr. Suhas Ranjan Dey, IITH, India

Dr. Suja R., GECBH, India

Prof. Sumathi Suresh, IITB, India

Dr. Suresh A. Kartha, IITG, India

Prof. Yogendra Shastri, IITB, India

INTERNATIONAL CONFERENCE ON GREEN BUILDINGS & SUSTAINABLE ENGINEERING GBSE 2018

Conference Theme: Transforming our Built Environment through Innovation and Integration towards a Smart and Sustainable Future

January 24 - 25, 2018

Organized by

RSET
RAJAGIRI SCHOOL OF
ENGINEERING & TECHNOLOGY

Research and Testing Centre for
Thermal Solar Systems (TZS)
Institute for Thermodynamics and
Thermal Engineering (ITW)
University of Stuttgart

Accepted papers to be published in

Springer

INTERNATIONAL CONFERENCE ON GREEN BUILDINGS & SUSTAINABLE ENGINEERING

GBSE 2018

ABOUT THE CONFERENCE

The International Conference on Green Buildings and Sustainable Engineering (GBSE 2018) will bring together green building advocates, industry, policy-makers, architects and academicians from different parts of the world.

The Government of India is actively introducing programmes which promote green and smart technology through their Smart City Mission to improve the quality of urban living. The Government is encouraging industry, architects and service providers to adopt a green, smart and energy efficient technology. The Smart City Mission is an urban renewal and retrofitting programme by the Government of India with a mission to develop 100 cities, and make them sustainable and citizen friendly. The city of Kochi, located in the state of Kerala, is one among the 20 cities that have been shortlisted by the Government of India in the first phase of Smart City Mission. Building industry, city planners and architects play a leading role for the success of Smart City project. Kerala being an environmentally sensitive geographic state with resource deficiency, it is vital to promote the green building technology in strategic way. The energy performance of the building has been the primary focus in the green building concept, albeit water conservation and the use of sustainable materials require equal attention of research, development and implementation. The conference GBSE 2018 is an important step towards fulfilling the dream that one day we can live in a clean, healthy, and high quality environment, where cities, townships, and communities are built on the fundamentals of green buildings and sustainable engineering.

Rajagiri School of Engineering & Technology (RSET), Rajagiri School of Engineering & Technology (RSET) is a premier educational institution managed by the Sacred Heart Province of the Carmelites of Mary Immaculate (CMI). The institution is accredited by National Assessment and Accreditation Council, the accreditation agency for institutions of higher education in India and many of the programmes at RSET are accredited by the National Board of Accreditation, the accreditation agency for the Technical Programmes in the country.

Research and Testing Centre for Thermal Solar Systems (TZS) at the Institute of Thermodynamics and Thermal Engineering (ITW), University of Stuttgart, is the largest testing laboratory and the largest university based research centre for thermal solar systems in Europe. Key activities of ITW/TZS are related to testing and development of solar thermal components and systems such as solar collectors, solar energy stores and solar systems for domestic hot water preparation as well as space heating and cooling. Additionally ITW/TZS is developing, implementing and monitoring advanced energy supply concepts for urban districts based on solar district heating networks combined with seasonal energy storages. With regard to new and existing buildings, ITW/TZS is developing and optimizing advanced energy concepts aiming to cover a large share of the building's heating, cooling and electricity demand by solar energy.

Call for Papers

Prospective authors are invited to submit the abstracts via EasyChair Conference Management System: (<https://easychair.org/conferences/?conf=gbse2018>). Abstracts will be reviewed by the technical committee and the same will be notified. Once accepted, electronic paper submission via EasyChair requires a full paper of file size limited to 5MB, including figures and references. (with a limit of preferably six pages in length, though up to ten pages are acceptable) The papers will undergo a peer-review process, handled by a 3-tier committee. For further details, please visit: <http://www.gbse-rajagiri.org>

Conference Registration

Fill up the registration form provided in the website and email to gbserset@rajagiritech.edu. in (Use Paper ID as Subject of the Email) after submitting your camera ready paper and registration fee payment. Please expect to receive an e-mail confirmation within three to five business days of receipt of your form.

Mode of Payment

If an author has got more than one accepted papers, each paper has also to be registered. Payment Methods: NEFT/RTGS/ Net transfer/Demand draft. (No credit card payment method)

- If you are using NEFT/RTGS/ Net transfer, kindly ensure at least Paper ID is clearly mentioned in the Funds Transfer Application
- If you are using DD, kindly ensure that the Participant/Author name, Paper ID and Conference Title are clearly mentioned in the back side of the DD

→ Conference Tracks

- ❖ Green Buildings
- ❖ Smart Energy Systems
- ❖ Green Manufacturing & Materials
- ❖ Nanotechnology for Environmental Remediation and Protection
- ❖ Sustainable Energy Technologies
- ❖ Energy Storage Technology and Materials.
- ❖ Life Cycle Analysis and Sustainability Assessment of Materials and Products
- ❖ Recycling and Waste Management
- ❖ Security of Energy Supply
- ❖ Ecological Liveable Environment Construction
- ❖ Sustainable Traffic Solutions including e-mobility
- ❖ Effective Water Management Systems
- ❖ Sanitation and Waste Water Management
- ❖ Architectural Concepts for Smart Cities including Advanced Tools such as GIS
- ❖ Environmental Geotechnics
- ❖ Ground Improvement Techniques

Important Dates

Abstract submission: Oct 22, 2017
Paper submission deadline: Nov 7, 2017
Accepted paper notification: Nov 30, 2017
Camera ready submission deadline: Dec 20, 2017
Early bird registration: Dec 1 - 7, 2017
Regular registration deadline: Dec 31, 2017
Conference dates: Jan 24 - 25, 2018

Registration Fees

	Early Bird Registration Nov 01st - 7th		Regular Registration	
	Regular Author	Indian	₹ 5,000	Indian
Delegates Outside India		US\$125	Delegates Outside India	US\$150
Student Author	Indian	₹ 3,500	Indian	₹ 4,000
	Delegates Outside India	US\$ 100	Delegates Outside India	US\$ 125
Participants				₹ 3,000
Delegates from Industry				₹ 8,000

Registration fee includes: Cost for Publication, conference kit, admission to all Pre/Post Conference workshops, lunch and banquet.
